United Wireless Privacy Policy and Terms of Use

For each visitor to our websites, our web server automatically recognizes only the consumer's domain name, but not the email address (where possible). We collect aggregate and user-specific information on what pages consumers access or visit. This information is used to generate reports that help United Wireless assess the value of and interest in the various web sites and web pages.

We collect the email addresses of those users who communicate with us via email and make postings to our website and/or forms. In addition, we collect information volunteered by the consumer, such as survey information and site registrations.

The information we collect is used by us to improve the content of our webpage; to customize the content and layout of our page for each individual consumer (where possible); and to notify consumers about updates to our website. In addition, this information is used by us to contact consumers for marketing purposes.

If you do not want to receive email from us in the future, please let us know by sending an email to us at advertising@unitedtelcom.net, calling us at 620-227-8641 or writing to us at
